Description

Come see Giuseppe Benedetto as this talented glassblower wields his cane in a graceful ballet of rotational movements to bring the molten matter to life. A skilled artisan, Giuseppe Benedetto crafts an extensive range of vases, decorative plates, sculptures, and other unique pieces, each stamped with the region's influence.

Giuseppe Benedetto will happily answer all your questions about glass, his craft, his tools, his career, and his techniques to make and colour his work. See the art of glass-blowing will come to life in a mesmerizing demonstration by this master craftsman with four decades of experience. With an insatiable thirst for experimentation, he consistently pushes to "blow" the boundaries of his artistic approach further to produce pieces of remarkable quality.
